Minster Centre Enrolment Fee (paid annually)	250

What is included in your fees

Tuition fees include contact training hours, coursework assessment, clinical supervision and client referrals. Tuition fees do not include personal therapy or the provision of consulting rooms for seeing training clients. The Minster Centre Enrolment fee covers Minster Centre membership, common room facilities and refreshments, and access to a range on-line resources.

Fees will be increased from one academic year to the next only where this is due to external factors eg changes in the requirements of accrediting organisations or inflation. We will endeavour to keep any such increase as low as possible.

Deposits and Payment Arrangements

If accepted on the course, candidates pay a deposit of £700 to secure their place. We recognise that the training is a substantial financial commitment and so offer a choice of payment arrangements. Students can pay fees in one of three ways: outright at the start of the year, termly in advance, or monthly by Standing Order.

The Minster Centre is a non profit-making company and a registered charity.
