Invitation to our Afternoon Open House Event 2pm to 4pm on Friday, 1st June 2018

We'd like to invite you to come and find out more about The Minster Centre and what we do here. You can find out about our training courses and our counselling and psychotherapy service, as well as have an opportunity to meet our tutors and students in our welcoming training environment.

The Minster Centre is a leading counselling and psychotherapy training school, which offers a wide range of courses from Introduction to Counselling Skills for anyone with an interest, to courses for people wanting to qualify as a counsellor or psychotherapist. We also offer courses for qualified therapists who want to increase their skills and obtain an MA, in Advanced Clinical Practice, or in Supervision. In addition we offer a Diploma in Supervision which runs on weekends over a period of 6 months.

Alongside our training we also have a counselling and psychotherapy service, which provides low-cost and long-term counselling and psychotherapy for individuals.
